Dear Dr. Levine,

Congratulations. Your Palm Beach County colleagues have selected you as a "2015 Notable Physician" Honorable Mention.

As you may know, Palm Beach County Medical Society is working in collaboration with Palm Beach Illustrated. Our voting process, which was approved by the PBCMS Board of Directors, invited all board certified physicians who practice in Palm Beach County to vote for any board certified physician practicing in our County to whom they would refer their own patients or family members.

This year's process resulted in 200 physicians being recognized by their peers.

As a Notable Physician Honorable Mention you will be listed in the *Palm Beach Illustrated* magazine July/August 2015 issue. A representative from the magazine will be contacting you about special advertising rates for the Notable Physician edition.

This is a great honor, and on behalf of the Medical Society, I wish you continued success.

Sincerely,

Stephen Babic, MD  
President
